Sanderson Settlement Solutions LLC Launches to Provide Strategic Settlement Services to the Insurance and P&C Industry

A new sister company to Sanderson Firm PLLC providing structured settlement annuities, MSP settlement project support, and more on the horizon.

BRADENTON, FL, UNITED STATES, October 1, 2026 /EINPresswire.com/ -- Sanderson Settlement Solutions LLC today announced its launch as a sister company to Sanderson Firm PLLC. A newly established separate and independent company, Sanderson Settlement Solutions is not a law firm; its focus is to provide specialized settlement-related services designed to address the evolving needs of property and casualty carriers and self-insureds, injured individuals, counsel, and industry professionals.

> We're just getting started — and there is much more to come! We look forward to expanding our services and continuing to find innovative ways to serve our clients."
>

Initially, Sanderson Settlement Solutions will focus on providing structured settlement annuities involving Medicare Set-Aside (MSA) funds and overall settlement proceeds and Medicare Secondary Payer (MSP) settlement project support to guide parties to compliant, cost-effective resolutions with confidence.

The company believes structured solutions play an important role in helping injured individuals manage their settlement funds over time, including potentially extending the duration of available MSA funds while providing a more predictable stream of income.

"I'm incredibly excited about this new business venture and the opportunities ahead," said Heather Sanderson, CEO and Founder of Sanderson Firm and Sanderson Settlement Solutions. "We're just getting started, and our vision is to introduce additional services and solutions to address the evolving needs of the insurance and property and casualty industry, and injured individuals. We're excited about what's ahead and, most importantly, about the opportunity to build something that provides meaningful value to those we serve."

Sanderson Settlement Solutions, much like Sanderson Firm, is dedicated to innovation, and will

continue developing and introducing additional services over time. This launch represents the beginning of a broader vision for Sanderson Settlement Solutions: to become a resource for strategic settlement services while complementing, but remaining separate from, the legal services provided by Sanderson Firm.

“We’re just getting started — and there is much more to come!” Sanderson added. “We look forward to expanding our services and continuing to find innovative ways to serve our clients.”
