

TrellisWare Secures FIPS 140-3 Level 2 Certification

TrellisWare Secures FIPS 140-3 Level 2 Certification, Strengthening an Already Advanced Security Foundation for Secure MANET Communications

SAN DIEGO, CA, UNITED STATES, September 28, 2026 /EINPresswire.com/ -- [TrellisWare](#)

“

Achieving FIPS 140-3 Level 2 certification is a major milestone that reflects years of engineering excellence, collaboration, and dedication to advancing secure communications.”

Marcus Urie, Vice President of Product Management and Programs

[Technologies](#), Inc., a global leader in resilient communications solutions, today announced that multiple TrellisWare® radios have officially achieved FIPS 140-3 Level 2 certification from the [National Institute of Standards and Technology](#) (NIST). The certification applies to the TW Shadow™ 950, TW Shadow 135, TW Ghost™ 880, TW Ghost 875, and TW Ghost 870 radios.

This milestone reinforces TrellisWare’s commitment to delivering trusted, resilient, and secure tactical communications across defense, public safety, and international markets. The newly validated cryptographic modules are now listed on the NIST validated

cryptographic modules list, placing TrellisWare among a select group of innovators advancing secure Mobile Ad Hoc Networking (MANET) technology.

FIPS 140-3 Level 2 certification adds another layer to TrellisWare’s already advanced security foundation, which includes support for high-assurance Type 1 security through WREN, developed by TrellisWare. Together, these capabilities enable TrellisWare to support a range of security and cryptographic assurance requirements across mission-critical communications environments.

“Achieving FIPS 140-3 Level 2 certification is a major milestone that reflects years of engineering excellence, collaboration, and dedication to advancing secure communications,” said Marcus Urie, vice president of product management and programs at TrellisWare. “This accomplishment strengthens our already robust security foundation and reinforces TrellisWare’s commitment to delivering trusted, mission proven technology for defense, public safety, and global partners.”

This achievement underscores TrellisWare’s continued leadership in secure MANET

communications and its mission to deliver globally trusted, mission proven networking solutions.
