The Celebrity PA Network introduces "Curated Rehab without Walls," an alternative for high-profile individuals with addiction problems

LOS ANGELES, CA, UNITED STATES, September 29, 2026 / EINPresswire.com/ -- The Celebrity PA Network, an elite staffing agency serving celebrities and high-net-worth families, has expanded its services to include "Curated Rehab without Walls," an in-home service designed to provide specialized support to individuals dealing with addiction while allowing them to remain in the privacy of their own homes.

Founded by Brian Daniel, The Celebrity PA Network has extensive experience placing highly qualified professionals with high-profile individuals and families who require discretion and personalized service.

Traditionally, celebrities and high-net-worth individuals seeking treatment for addiction have often turned to luxury detox facilities. While these facilities can provide structured environments, entering a high-profile treatment center can be counterproductive if media outlets find out.

"Many celebrities have spent millions of dollars and have been in and out of luxury detox centers, which is proof positive that it's not always the right solution. We offer a more private alternative," said Brian Daniel, founder of The Celebrity PA Network.

Through "Curated Rehab without Walls," The Celebrity PA Network connects clients with experienced professionals who can provide support in a residential setting. The service is customized to the individual, with an emphasis on discretion and personalized care.

For affluent families, privacy is an important consideration when addressing sensitive personal matters. The new service reflects The Celebrity PA Network's broader focus on providing highly personalized staffing solutions for clients whose circumstances require a high level of confidentiality.
