CLEVELAND, OH, UNITED STATES, September 28, 2026 / EINPresswire.com/ -- Adherex Group, a premium provider of high-performing packaging, specialty and adhesion solutions, today announced the acquisition of Polymer Packaging, Inc., a North Canton, Ohio-based provider of flexible, bakery, and protective packaging products.

Founded in 1986, Polymer serves customers nationwide across bakery, food, industrial, and specialty manufacturing markets. Its businesses span flexible packaging distribution, bakery packaging distribution, and in-house manufacturing of custom protective packaging, adding engineered film expertise and enhanced manufacturing capabilities to the Adherex platform.

“Polymer is a terrific addition to Adherex,” said Michael Doerrer, Chief Executive Officer of Adherex Group. “They bring deep expertise, strong customer relationships and capabilities that complement our existing business extremely well. Together, we’ll be able to offer customers a broader range of solutions while continuing the responsiveness and service that both organizations are known for.”

Polymer will continue to operate from its facilities in North Canton, Ohio, and Allendale, Michigan, with the same teams serving its customers.

"Everything we built here came down to one idea: show up and solve the customer's problem." said Larry Lanham, founder and Chief Executive Officer of Polymer Packaging. "Adherex runs on that same idea, which is what makes this the right next step for the team that built this company, and for the customers who trusted us to keep showing up."
