Real Elite Masterline Batman (Comics) Mr. Freeze Heart of Ice (Design by Carlos D'Anda)

ASAKUSA, TAITO-KU, TOKYO, JAPAN, September 30, 2026 / EINPresswire.com/ -- Prime 1 Studio has opened pre-orders for the Real Elite Masterline Batman (Comics) Mr. Freeze Heart of Ice (Design by Carlos D'Anda).

Designed by Carlos D'Anda, this 1/3 scale statue depicts Mr. Freeze in a quiet scene alongside his wife, Nora. The concept reflects the tragic characterization of Mr. Freeze established in the 1990s Batman animated series and later carried into comics and film.

Mr. Freeze is presented in a mechanical freeze suit featuring layered armor, piping, and mechanisms throughout the body. Details such as the coolant-inspired tubing and reinforced leg structures contribute to the functional design of the suit. The goggles and Freeze Gun are equipped with LED illumination.

Nora is depicted sleeping inside the Cryogenic Chamber, illuminated by blue light. The chamber incorporates a goddess-like motif into its design and also features LED illumination.

The Deluxe Version includes two additional heads with distinct designs, a bare right hand, and Head Stands for alternate display options.

A further head and Head Stand are included as bonus parts.
