

Graphic Designs International Celebrates 32 Years of Public Safety Fleet Graphics

STUART, FL, UNITED STATES,

September 28, 2026 /

EINPresswire.com/ -- Company marks three decades of serving police, fire rescue, and security departments nationwide.

[Graphic Designs International](#)

celebrates 32 years of providing specialized public safety fleet graphics and signage to law enforcement, fire rescue, and security departments across the United States. Founded in 1994, the company has established itself as a trusted partner for [public safety agencies](#) seeking professional vehicle graphics and custom signage solutions.

Throughout its three decades of operation, Graphic Designs International has served public safety customers nationwide, as well as throughout U.S. territories and the Caribbean. The company's continued service reflects the demand for high-quality fleet graphics among police departments, sheriff's offices, fire rescue services, security companies, and specialty fleet operators.

Reaching 32 years is a meaningful milestone for us, and we're proud to continue supporting public safety departments with dependable, specialized fleet graphics and signage across the country."

Kimberly Amsalem

Graphic Designs International specializes in custom fleet graphic design, production, and nationwide shipping services tailored specifically for the public safety community. The company's comprehensive process ensures each project meets the unique requirements of emergency service vehicles. This process begins with gathering detailed fleet specifications from the customer, followed by custom design development and proofing stages that allow departments to visualize their graphics

before production begins.

Once customers approve the designs, the production team creates the graphics using materials and techniques suited for emergency vehicle applications. The completed graphics are then shipped directly to the customer, enabling departments across the country to receive professional fleet graphics regardless of their location. This streamlined approach has allowed them to build lasting relationships with public safety agencies seeking reliable partners for their fleet branding needs.

The 32-year milestone represents the company's sustained commitment to the public safety sector during a period of significant change in both vehicle technology and graphic production methods. As departments continue to update and expand their fleets, the demand for specialized graphics providers who understand the specific needs of emergency vehicles remains strong. Graphic Designs International continues to meet this demand through its focused expertise and nationwide shipping capabilities.

Public safety departments interested in fleet graphics services can connect with the company through its [Stuart, Florida location](#) or through its website to discuss their specific vehicle graphic requirements.
