Gruber Dental combines compassionate care with advanced technology to provide precise, efficient treatment. The practice features innovative tools including 3D CBCT imaging, digital caries detection, and computer-assisted diagnostics, allowing Dr. Gruber and his team to deliver highly accurate and minimally invasive care. Through his continued commitment to education and innovation, Dr. Gruber remains at the forefront of modern

dentistry, offering patients the latest treatment options available.

In addition to his private practice, Dr. Gruber has played an influential role in dental education for decades. Since 1980, he has served as an attending dentist at Morristown Medical Center, where he mentors future dental professionals in cosmetic, restorative, and implant dentistry.

Dr. Gruber's passion for service also extends far beyond his practice. As Founder and Director of the Boys and Girls Club of Newark Children's Dental Center, he helped establish a program that provides free dental care to children ages 5 through 18 through the support of volunteer dentists and auxiliaries.

Through decades of clinical excellence, mentorship, and community service, Dr. Gruber continues to make a meaningful impact on the lives of his patients and the broader community, one smile at a time.
