AGPROfessionals Real Estate Welcomes Jesse Schroeder as Associate Broker

Northern Colorado real estate professional brings deep local roots, agricultural connections, and a commitment to serving the communities he calls home

GREELEY, CO, UNITED STATES, October 1, 2026 /EINPresswire.com/ -- AGPROfessionals Real Estate is pleased to announce that Jesse Schroeder has joined the firm as an Associate Broker, bringing his knowledge of Northern Colorado, connections to the agricultural community, and commitment to client service to the growing real estate team. Schroeder has called Northern Colorado home since 2004, when he moved to the area at the age of nine. Growing up with strong ties to the region's agricultural community gave him an early appreciation for agriculture, land, and the people who make Northern Colorado a unique place to live, work, and raise a family.

That background also gives Schroeder a valuable perspective when working with clients buying and selling property throughout the region. "Jesse understands Northern Colorado because he has grown up here, built a family here, and developed strong connections to the communities we serve," said Paulette Marshall, Managing Broker and Director of Business Development for AGPROfessionals Real Estate. "His agricultural roots, work ethic, and commitment to building lasting relationships make him a great addition to our team. We are excited to have him representing AGPROfessionals Real Estate."

Schroeder became a licensed real estate agent in 2022. He approaches real estate with an emphasis on relationships, local knowledge, and helping clients confidently navigate the buying

and selling process.
“I’m excited to join AGPROfessionals Real Estate and be part of a team that understands the importance of agriculture, land, and rural communities,” Schroeder said. “Northern Colorado is home for my family, and I’m proud to have the opportunity to help people make real estate decisions in the communities that have meant so much to us.”

Expanding AGPROfessionals Real Estate

Schroeder joins AGPROfessionals Real Estate as the division continues to expand its ability to serve buyers, sellers, landowners, and agricultural clients. As part of AGPROfessionals, the Real Estate Division offers clients access to a multidisciplinary team with extensive experience in agriculture, land, development, engineering, surveying, environmental services, and regulatory matters. This broader expertise is particularly valuable for agricultural, rural, and land transactions where understanding a property often extends well beyond the real estate contract.

With Schroeder joining the team, AGPROfessionals Real Estate continues its commitment to providing knowledgeable, relationship-driven real estate services grounded in an understanding of the land and communities it serves.
