

Mission IT Awarded U.S. Coast Guard Building Automation Systems Contract

U.S. Coast Guard selects Mission IT to maintain and sustain building automation systems at its C5I Service Center in Alexandria, Virginia.

ARLINGTON, VA, UNITED STATES, October 6, 2026 /EINPresswire.com/ -- [Mission IT](#) has been awarded a prime contract by the U.S. Coast Guard to provide Building Automation System (BAS) maintenance and support services for the Coast Guard's Command, Control, Communications, Computers, Cyber, and Intelligence Service Center ([C5ISC](#)) in Alexandria, Virginia.

U.S. Coast Guard selects Mission IT to maintain and sustain building automation systems at its C5I Service Center in Alexandria, Virginia.

“

Building automation systems are increasingly part of the cyber and operational fabric of federal missions. We're proud to support the Coast Guard in maintaining these systems securely and reliably.”

Shawn Wells

including building automation controls, industrial controllers, programmable logic controllers (PLCs), operational technology software, and system resiliency.

“This award expands Mission IT's work at the intersection of operational technology, cybersecurity, and critical infrastructure,” said [Shawn Wells](#), President and CEO of Mission IT. “Building automation systems are increasingly part of the cyber and operational fabric of federal missions. We're proud to support the Coast Guard in maintaining these systems securely and reliably.”

The award marks Mission IT's first prime contract with the Coast Guard and expands Mission IT's operational technology work across the federal government.

The contract provides for up to five years of performance through 2031, including all option

periods.

About Mission IT

Mission IT is a GSA Small Business, and SBA small disadvantaged business, providing technology consulting and engineering for defense, intelligence, federal civilian and commercial customers. Its teams work across operational technology, cybersecurity, secure infrastructure, software and systems integration, with experience supporting classified facilities and active U.S. military weapon and missile systems. The graphic is a vertical rectangular banner. At the top, it features the Mission IT logo (a stylized star) and the text "MISSION IT". Below this, it says "AWARDED TO SUPPORT" in red, followed by "U.S. COAST GUARD C5I" in large, bold, white letters. To the right of this text is a red shield-shaped badge with the words "PRIME CONTRACT AWARD" in white. Below the main text, there is a small icon of a building and the text "Maintenance & support for building automation systems". At the bottom of the graphic, there is a dark blue bar with the website "WWW.MISSIONIT.COM" in white. Below the graphic, the text "U.S. Coast Guard selects Mission IT to maintain and sustain building automation systems at its C5I Service Center in Alexandria, Virginia." is displayed. Below this text is the Mission IT logo again, followed by the text "Mission IT Company Logo". At the bottom of the graphic is a portrait of Shawn Wells, a man with a beard and mustache, wearing a dark suit jacket over a light-colored shirt. Below the portrait is the caption "Shawn Wells, Mission IT President and CEO".
