

# Blue Springs Pools Named 2026 Best of Texas Regional Award Winner

---

LAMPASAS, TX, UNITED STATES, October 7, 2026 /EINPresswire.com/ -- Blue Springs Pools, a veteran-owned pool builder serving Central Texas homeowners, has been named a 2026 Best of Texas Regional Award winner. The recognition reflects the company's growing reputation for engineering custom gunite and fiberglass pools built to withstand the region's shifting soil. It also reflects the maintenance and repair work that keeps those pools running long after installation.

Every gunite pool goes in with steel-reinforced concrete engineered for the rocky hill country and shifting clay common across Central Texas. Fiberglass installations offer a faster turnaround and a low-maintenance gel-coat finish for homeowners who want to swim sooner. Once a pool is built, the company's weekly maintenance visits keep water chemistry balanced. Its "Green to Clean" service is built specifically for pools that have gone untended and turned green. Equipment repairs and upgrades, from failing pumps to outdated heaters, round out a service list built to keep every pool running smoothly for the long term.

Blue Springs Pools operates as a veteran-owned, family-run business, and that background shows up in how the company approaches every job. Safety and honest, transparent pricing are treated as standard practice, not as selling points. The company sums up that approach simply, in a phrase it has used for years: "Happy Pools, Happy People."

"We got into this business because we wanted people to actually enjoy their backyards, not just maintain them," said the owner of Blue Springs Pools. "Whether it's a new gunite build or a Tuesday maintenance stop, the goal is always the same: make sure the pool works and the family using it is glad we showed up."

As Blue Springs Pools moves into its next season, the company plans to expand both new construction and its weekly maintenance routes across Lampasas and the surrounding Hill Country. For a business built on steady, unglamorous groundwork, the 2026 Best of Texas Regional Award is confirmation that Central Texas families have noticed.
