

Vikar Technologies and Deluxe Partner to Simplify Check Orders for Financial Institutions

This integration connects Vikar's account-opening solution directly to Deluxe Payments, streamlining check ordering for financial institutions.

ISELIN, NJ, UNITED STATES, October 6, 2026 /EINPresswire.com/ -- [Vikar Technologies](#), a leading provider of digital account-opening and lending solutions for financial institutions, has announced a partnership with [Deluxe Corporation](#) to bring payment capabilities directly into Vikar's platform.

The integration enables pre-filling the financial institution's and client's forms, reducing manual data entry and simplifying the process of establishing an account and ordering checks.

"Opening an account involves a number of important follow-up steps, and each manual handoff creates another opportunity for delays or errors," said Glenn Bolstad, Founder and CEO of Vikar Technologies. "By integrating Deluxe into the Vikar platform, we're helping financial institutions streamline check ordering, reduce duplicate data entry, and give employees a simpler way to complete the process."

Together, Vikar and Deluxe are creating a seamless process that supports employees beyond establishing an account. At any point in the client relationship, an employee can order checks or set up other payment methods in an easy one-and-done manner.

"Deluxe is committed to helping financial institutions simplify essential processes and better serve their clients," said Hans Molenaar, Strategic Alliances Director at Deluxe. "Our integration
