

Landmark Data Processing Expands Payment Processing Solutions with Addition of Square®

Landmark Data Processing adds Square® to its payment solutions portfolio, expanding POS, e-commerce and business growth services for SMBs nationwide.

CHESTERFIELD, VA, UNITED STATES, October 6, 2026 /EINPresswire.com/ -- Chesterfield, VA-based merchant services provider now offers Square solutions alongside payment processing, POS systems, and business growth services nationwide.

“

By adding Square to our service portfolio, we can deliver even more flexibility and choice while providing the personal service and ongoing support our clients have come to expect”

Oakie Mitchell

[Landmark Data Processing](#), a leading provider of payment processing, merchant services, and point-of-sale (POS) solutions for small and mid-sized businesses, today announced the addition of Square® to its growing portfolio of payment processing services.

The addition allows Landmark Data Processing to offer businesses more options for accepting payments while simplifying operations through integrated technology solutions. Square's platform includes payment processing, POS systems, mobile payment acceptance, online selling tools, invoicing, inventory management, and customer engagement features.

"Our mission has always been to help small businesses access the same high-quality payment solutions and support typically reserved for larger organizations," said Oakie Mitchell of Landmark Data Processing. "By adding Square to our service portfolio, we can deliver even more flexibility and choice while providing the personal service and ongoing support our clients have come to expect."

As a trusted payment technology partner, Landmark Data Processing helps businesses identify the right merchant services solution for their specific needs. The company offers secure credit card processing, customized POS systems, e-commerce payment solutions, and integrated business software for a wide range of industries.

More Than Merchant Services

In addition to payment processing and POS technology, Landmark Data Processing provides

access to an expanded suite of business growth solutions through its partnership with [Sandbank Group, Inc.](#)

Through this strategic relationship, clients can access services including:

- Website design and development
- Branding and brand strategy
- Public relations support
- Marketing consultation
- Business advisory services through trusted partners
- Additional solutions designed to support business growth and operational efficiency

This partnership enables business owners to work with a single trusted resource for both payment technology and business development initiatives.

Supporting Small Businesses Nationwide

Headquartered in Chesterfield, Virginia, Landmark Data Processing serves businesses throughout the United States.

The company has built its reputation on transparent pricing, personalized support, advanced payment technology, and a commitment to helping small businesses compete and grow in an increasingly digital marketplace.

By combining leading payment processing solutions with access to branding, marketing, and advisory resources, Landmark Data Processing continues to deliver on its mission of empowering small businesses with big-business solutions.
