

MI Roof Pro Opens Third Michigan Location in West Bloomfield

MI Roof Pro expands to West Bloomfield, offering engineered residential roofing, Brava composite systems, and rapid storm damage repairs across Oakland County.

WEST BLOOMFIELD, MI, UNITED STATES, October 6, 2026

/EINPresswire.com/ -- MI Roof Pro, a premier Michigan exterior contractor specializing in durable weather-engineered roofing systems, today announced the opening of its newest branch in West Bloomfield, Michigan.

The launch marks the company's third physical branch across the state, significantly broadening its regional service footprint to meet surging demand for dependable residential and commercial exterior solutions across Oakland County.

“

Expanding to West Bloomfield brings local crews and engineered roofing systems—including luxury Brava composite shake and slate—closer to Oakland County homeowners.”

Reese Pierson, Owner of MI Roof Pro

The new West Bloomfield branch delivers comprehensive roofing services built to withstand Michigan's severe seasonal shifts, lake-effect snows, high wind events, and recurring winter freeze-thaw cycles. Homeowners and facility directors throughout the region can now access high-performance [residential and commercial roofing solutions](#) backed by seasoned local crews, clear photo-documented assessments, and solid workmanship warranties.

“Expanding into West Bloomfield represents an essential milestone for our team,” said Reese Pierson, Co-Owner of MI Roof Pro. “Michigan roofs endure an extraordinary

amount of environmental stress, from deep winter ice dams to spring wind gusts. By establishing our third dedicated facility right here in Oakland County, we are positioning our crews to deliver faster emergency turnaround times, proactive roof maintenance, and complete,

engineered installations that protect families and investments for decades.”

The West Bloomfield location will provide a full suite of specialized services, including complete architectural shingle tear-offs, precision leak detection, 24/7 emergency tarping, and tailored [West Bloomfield roof replacement services](#). In addition to traditional steep-slope residential applications, the branch features specialized technicians dedicated to low-slope commercial membranes - including Brava composite roof systems, as well as energy-efficient Velux skylight installations and balanced attic ventilation retrofits.

Property owners interested in scheduling a FREE roof inspection or learning more about the company's full exterior service catalog can visit the official MI Roof Pro West Bloomfield branch online or contact the local office directly at (248) 970-9888.
