

J&M Jewelry Launches Redesigned Website With Online Design Tools and Expanded Jewelry Selection

THE WOODLANDS, TX, UNITED STATES, October 15, 2026 /EINPresswire.com/ -- [J&M Jewelry](#), a fine jewelry manufacturer, wholesaler, and designer, has launched a redesigned website that brings online jewelry shopping, custom jewelry design tools, and service requests into one platform. The website serves individual customers and business clients, including retailers and designers seeking private label jewelry manufacturing.

The launch expands online access to the company's jewelry selection and design services. Visitors can browse finished pieces, search for natural diamonds, configure engagement rings and wedding bands, explore designs in a virtual showroom, and submit custom jewelry inquiries. J&M Jewelry continues to offer personalized consultations by appointment.

Expanded Online Jewelry Selection

The redesigned online store features engagement rings, wedding bands, necklaces, bracelets, earrings, chains, and men's jewelry. Customers can browse product information and purchase available pieces through the website. <https://www.jandmjewelry.com/shop>

AI Jewelry Designer

J&M Jewelry's AI Jewelry Designer allows users to submit written descriptions to generate jewelry design concepts. The platform includes AI-rendered images and interactive 3D models for reviewing designs from multiple angles. Users can also download files for prototyping on compatible 3D printers. For customers without access to a printer, J&M Jewelry offers in-house

model production for pickup or shipping. Design concepts can then be reviewed with the company's team for further development before jewelry production. <https://www.jandmjewelry.com/ai-jewelry-designer>

Natural Diamond Search

The Diamond Search tool allows customers to browse natural diamonds using filters for cut, carat weight, color, clarity, and price. The feature supports diamond selection for engagement rings and other custom jewelry projects. <https://www.jandmjewelry.com/diamond-search>

Engagement Ring Builder

The Engagement Ring Builder provides options for selecting a center stone, setting style, and metal. Visual previews and pricing updates allow customers to review their selections during the configuration process. <https://www.jandmjewelry.com/engagement-rings>

Wedding Band Builder

The Wedding Band Builder allows customers to configure wedding bands by selecting options such as metal, profile, width, finish, engraving, and ring size. The tool provides previews and pricing for selected configurations. <https://www.jandmjewelry.com/wedding-band-builder>

Virtual Showroom

The Virtual Showroom provides online access to J&M Jewelry's engagement ring collection through interactive 3D viewing and virtual try-on technology. Visitors can examine design details and compare how different styles appear before making a selection. <https://www.jandmjewelry.com/virtual-showroom>

Custom Jewelry Design and [3D Printing](#)

The website allows customers to submit images, sketches, and written concepts for custom jewelry design. J&M Jewelry's team uses CAD design and in-house 3D printing to support design development and prototyping before final production. The service accommodates custom engagement rings and other jewelry projects, with consultations available by appointment. <https://www.jandmjewelry.com/custom-designs>

Private Label Jewelry Manufacturing and Business Services

J&M Jewelry also serves retailers, designers, and businesses through private label jewelry manufacturing and product development services. These services include CAD design, prototyping, manufacturing, and one-on-one consulting. The redesigned website provides information about these capabilities and a way for businesses to submit project inquiries. <https://www.jandmjewelry.com/private-label-jewelry>

Jewelry Repairs, Appraisals, and Service Requests

Customers can use the website to submit inquiries for jewelry repairs, appraisals, insurance documentation, and [custom design](#) consultations. Online requests provide a starting point for coordinating evaluations and appointments with the company's

team.<https://www.jandmjewelry.com/jewelry-services-repairs>

The redesigned website is now available at <https://www.jandmjewelry.com>.
