Revive Roofing & Exteriors is a residential and multifamily roofing contractor based in Charleston, SC, with local crews serving the Charleston Lowcountry and the Greenville, SC, Upstate. The company was founded by owner Blake Grissom.

Revive's services include residential roof replacement and roof repair, storm damage repair and insurance claim support after hurricanes and hailstorms, emergency roof tarping, 27-point roof inspections, siding, window installation and gutter services.

Revive also works with multifamily property owners and property managers on roof replacement for apartment communities and multi-building properties, with a focus on fair pricing. After hurricanes, hailstorms and other severe weather, the company helps property owners and homeowners through the storm damage insurance claim process. According to the company, its claims support team includes building consultants, attorneys and an insurance supplementing team, which identifies damage and repair costs missing from an insurer's original estimate, so clients receive the full coverage their policies provide.

The company serves the Charleston area, including Mount Pleasant, West Ashley, Folly Beach,

Isle of Palms, Summerville, North Charleston, Goose Creek, James Island and Johns Island, as well as Greenville and nearby Upstate communities such as Simpsonville, Greer, Mauldin, Easley, Taylors, Travelers Rest and Fountain Inn.

According to the company, each full re-roof it completes is backed by three warranties: a manufacturer's material warranty, a Revive workmanship warranty and an independent third-party warranty. Revive describes itself as Charleston's only 3-warranty roofing company.

The company also reports that it donates \$121 to a local charity chosen by the customer for each full re-roof it completes.

"Being voted one of Charleston's top two roofing companies means a lot to our team, because this recognition comes directly from the community we serve," said Blake Grissom, owner and founder of Revive Roofing & Exteriors. "I started Revive to give homeowners in Charleston and Greenville a roofing contractor they can trust from the first roof inspection to the final walkthrough, whether they need a roof replacement or storm damage repair. We are grateful to every customer and neighbor who took the time to vote."

Revive Roofing & Exteriors is licensed in South Carolina under contractor license RBS 66578 and is a BBB Accredited Business.
