The Island Mattress has a simple yet effective design, relying on a breathable euro-top cover, cooling gel-infused foam, support foam, and Dynamic Coil™ system. Its firmness ranges from Medium to Medium Firm, with the thinner options recommended for back and stomach sleepers and the thicker option being more suitable for side and combination sleepers. Couples will appreciate the reliable motion isolation. Every order that goes through depletes stock, so shoppers should order as soon as possible, while the size they need is still available.
