

H&W Global Dermatology CME Conference in Orlando Is Just Weeks Away

Educational program brings a global dermatology perspective to the Conrad Orlando at Evermore, November 12-15, 2026.

VA, UNITED STATES, October 15, 2026 /EINPresswire.com/ -- After a successful premier last fall, Health & Wellness Global Alliance founders Firas George Hougeir, MD, FAAD and Jonathan Weiss, MD, FAAD are pleased to announce that the second [H&W Global Dermatology CME Conference](#) will be held November 12-15, 2026, at the Conrad Orlando at Evermore in Orlando, FL.

Intended to bring diverse perspectives to a North American audience, this year's event fosters education and dialogue to support collaboration,

innovation, and advanced patient care in dermatology. In-depth scientific analysis and discussion of practical application of knowledge is suited for a range of healthcare professionals, including Board-certified dermatologists, as well as dermatology nurse practitioners, physician associates/assistants, and residents.

With an eye toward supporting the newest generation of dermatology care providers, this year's program features a unique Resident Scholar Program. "We are pleased to host eligible US-based residents at this year's program with no-cost registration, travel support, and free hotel accommodations," says Dr. Hougeir. "This is a great opportunity for us to support emerging physicians by giving them access to some of the most influential thought-leaders in the dermatology space." Details of the program are [available online](#).

"Last year's conference provided an intimate setting in which attendees could truly interact and learn from our esteemed faculty while also networking with colleagues and having informative interactions with industry representatives. This year, we again seek to nurture interaction on a personal level. We welcome families to stay at the Conrad Orlando and explore all the fun activities nearby!" adds Dr. Weiss.

Registration is now open for healthcare professionals, and [reservations can be made](#) at the
