

ZYBS Medical Group Reaffirms Commitment to Veteran-Focused Healthcare Services Across the United States

Maryland-based physician-led organization reports a network of more than 100 healthcare professionals serving 17 locations in 13 states.

LARGO, MD, UNITED STATES, October 19, 2026 /EINPresswire.com/ -- LARGO, MARYLAND, UNITED STATES — October 19, 2026 — [ZYBS Medical Group](#), a Maryland-based, physician-led healthcare organization, today reaffirmed its commitment to coordinating dependable medical evaluation and diagnostic services for veterans and healthcare partners across the United States.

Founded in 2016, ZYBS Medical Group reports that it has supported healthcare services for more than 200,000 veterans. Its professional network includes more than 100 healthcare providers working across 17 service locations in 13 states. The organization continues to develop the provider relationships and operating systems needed to coordinate services across geographically dispersed communities.

Coordinating Medical Services for Veterans

Veterans may need medical evaluations, specialized examinations and diagnostic support at different stages of their healthcare and benefits processes. When services involve multiple locations, provider availability, appointment coordination and consistent documentation can

affect how easily people access those services.

ZYBS Medical Group coordinates veteran-focused services through a multidisciplinary network that includes nurse practitioners, optometrists, audiologists, psychologists and other qualified healthcare professionals. Its work includes connecting program administrators with participating providers and supporting the scheduling and administrative coordination required for service delivery.

The organization emphasizes respectful patient interactions, clear communication, professional accountability and timely coordination. Services are delivered through qualified professionals and in accordance with the requirements of each program and location.

Strengthening Healthcare Service Capacity

ZYBS Medical Group is continuing to strengthen its provider relationships, administrative coordination and quality-focused operating procedures. These efforts are intended to support consistent service delivery across locations and help the organization respond to the needs of healthcare programs and institutional partners.

The organization's development priorities include maintaining a qualified provider network, improving operational coordination and building partnerships aligned with its medical evaluation, diagnostic and healthcare support capabilities. ZYBS Medical Group views reliable service coordination and professional relationships as central to sustainable growth.

Opportunities for Healthcare Collaboration

ZYBS Medical Group welcomes discussions with healthcare organizations, government program administrators, prime contractors and qualified healthcare professionals interested in potential

collaboration. Areas of interest include medical evaluation services, diagnostic support, provider recruitment, healthcare program coordination and related operational services.

Healthcare organizations and institutional partners may contact ZYBS Medical Group to discuss potential service needs, provider capacity or partnership opportunities.

Home Blood Pressure Monitoring

ZYBS Medical Group also offers the ZYBS U80B Upper Arm Blood Pressure Monitor for routine home blood pressure monitoring by adults. The FDA 510(k)-cleared device (K160019) features English voice guidance, an LED display, one-button operation, memory for two users and power options that include USB-C and four AAA batteries.

The U80B is intended to support routine home monitoring. It is not a substitute for professional medical assessment, diagnosis or treatment. Patients should discuss readings and care decisions with a qualified healthcare professional.

At the time of this release, ZYBS Medical's primary purchase page lists the U80B at \$49.99 with free standard shipping within the contiguous United States, subject to availability and current offer terms. The product is also listed by Tend Industrial Supplies for online purchase.
