

Forensic Scientist Howard Cannon Launches Shocking New Platform: 'Violent Dining'

Decades of forensic investigation, cases and media coverage merge at ViolentDining.com to protect families from hidden dangers in restaurants and bars.

LAS VEGAS, NV, UNITED STATES, October 19, 2026 /EINPresswire.com/ -- [Howard Cannon](#), the Forensic Scientist and restaurant-industry expert witness

whose work has been featured on Fox News, CNN's Anderson Cooper 360, ABC, Good Morning America, CBS News, The Dr. Oz Show, Inside Edition, The Travel Channel and more, announced the launch of [Violent Dining](#) (ViolentDining.com) — a new public-awareness platform built

around four decades of shocking cases most of the restaurant industry has worked hard to keep out of view.

“

The restaurant industry has become America's most dangerous industry – and we want to help protect you and your loved ones.”

Howard Cannon

Since 1987, Cannon has testified to the restaurant industry's most dangerous and most litigated realities — (rapes, murders, wrongful deaths, catastrophic injuries and intentional contaminations) and the operational and risk management failures behind them. He has served as an expert witness in 400+ litigation cases and consulted on

hundreds more, and has authored books published in 76 countries and in 13 languages around the globe.

Violent Dining brings that same forensic rigor to the public stage for the first time in one place — through a growing library of short-form shock-u-mentary videos built to engage, shock, disgust, inform and educate viewers on realities the restaurant industry would rather keep quiet. The series is paired with a real-time tracker of estimated U.S. restaurant-related deaths, rapes, and contaminations, giving audiences hard numbers behind every story.

"The restaurant industry has become America's most dangerous industry – and we want to help protect you and your loved ones."

— Howard Cannon

The platform launches with five bookable keynote presentations — Violent Dining, Eat Lunch & Die, Invisible Intoxication, Gutting the Giants, and Gutted — along with four shock-u-mentary documentaries currently in production. Violent Dining works in tandem with Cannon's forensic expert witness practice, [Restaurant Expert Witness](https://RestaurantExpertWitness.com) (RestaurantExpertWitness.com), which serves attorneys nationwide.

About Howard Cannon & Violent Dining

Howard Cannon is a forensic scientist, globally published author, and the country's most recognized court testifying restaurant-industry expert witness, with 40+ years inside the industry's daily operations and risk management trenches and 400+ litigation cases to his credit. Violent Dining is his public awareness platform, delivering a growing library of short-form shock-u-mentary videos built to engage, shock, disgust, inform and educate the public on the realities the restaurant industry would rather keep quiet.
