Pre-Holiday Home DIY Upgrades

Daich Coatings countertop kits transform plain, drab kitchen and bathroom countertops with new, luxurious finishes. Taking just one weekend to complete, the projects are ideal to get a home upgraded before families come to visit for the holidays.

The company's three most popular DIY kits each cover up to 40 square feet of space and include everything needed to complete a countertop project:

“

These kits save homeowners thousands of dollars from purchasing real marble, granite and stone countertops. At the end of a weekend a homeowner has a luxuriously new surface that is totally amazing.”

- LuxROCK™ ULTRA Solid Surface Granite Kit – \$299.99 – Four-step kit with simple roll-on applications of products, resulting in a smooth-as-glass granite surface. Blending of real stone with stunning mineral highlights. Five color options: Galaxy Black, Platinum White, Basalt, Crystal Quartz and Carrara. (20 square foot coverage kit available for \$179.99.)
- Marble Dream® ULTRA Kit - \$199.99 – Use a blow dryer to gain a marble surface in either Pristine White or Cosmos Black. The ingredients and heat react with each other to

create a hard, authentic-looking marble coating. Choose from a soft, swirling effect or more distinctive veined marble finish.

- SpreadStone™ Mineral Select OPTIMA Series Kit - \$199.99 – Create a speckled stone appearance, with the final finish either smooth or textured, depending on your choice. The four-step process results in a low-sheen, natural stone slab look. Available in 8 colors.

“Even the most novice DIYer can do these projects,” says Daich. “Honestly, most of the time a person spends waiting for an application to dry and cure so they can move on to the next step. By the end of the weekend they have a brand-new surface!”

All finished Daich Coatings surfaces resist stains, heat and impact. Application of products is low odor and low VOCs. Sinks, plumbing fixtures and countertops do not need to be removed before applying products, saving homeowners time and hassle. Products can be applied to laminates, concrete, plywood, MDF, stone, pre-coated and solid surfaces. The final surface is kept food safe and intact with a polyurethane clear coat.

“These kits save homeowners thousands of dollars from purchasing real marble, granite and stone countertop for their homes,” says Daich. “At the end of just one weekend a homeowner has a luxuriously new surface that is totally amazing. The newest [Marble Dream ULTRA](#) kit is especially so appealing and easy to do it absolutely astonishes people.”

“Whichever kit a person chooses, all the essentials are included to create a winning home improvement project. We offer options that transform spaces beautifully, economically and quickly. In all cases the results are stunning and the ‘I did it myself’ sense of pride can’t be beat.”

Daich Coatings products are available online at The Home Depot® and Lowe’s®. They can also be purchased (with FREE SHIPPING) directly from Daich Coatings.
