

Leander Towing Named 2026 Best of Texas Award Winner

LEANDER, TX, UNITED STATES, October 29, 2026 /EINPresswire.com/ -- Leander Towing, a locally owned towing and vehicle transport company serving Leander and the surrounding Central Texas communities, has been named a recipient of the 2026 Best of Texas Award. The recognition reflects the company's commitment to careful vehicle handling, dependable service and fair pricing for drivers throughout the region.

Leander Towing is known for its covered transport service for custom and exotic vehicles. The company uses enclosed, climate-controlled trailers to protect classic and collector vehicles from weather and road debris. This service extends beyond the local area, as the team also provides long-distance transport throughout the state of Texas. For everyday needs, the company operates well-maintained flatbed trucks suited to sports cars and standard vehicles alike. Its crews also offer roadside assistance, including jump starts and vehicle unlocks. Fuel delivery and winch outs are available as well. Over more than a decade in business, the team has transported everything from golf carts to Rolls-Royce vehicles.

The company's values are rooted in its owner's background. A Central Texas native, the owner served in the U.S. Air Force as a member of security forces and later worked in law enforcement. After entering the towing industry in 2006, he founded Leander Towing to give the community a local, professional option built on honor and integrity. That commitment shows up in small but meaningful ways, such as free local child unlocks for families in need. It also shapes the company's guiding promise: "Where professionalism meets courtesy at a reasonable price."

"We are grateful to the community for this recognition," said the owner of Leander Towing. "Every call matters to us, whether it is a family stuck on the roadside or a collector trusting us with a car they have spent years restoring. Our goal has always been to treat every vehicle with care and every customer with respect."

Looking ahead, Leander Towing plans to continue expanding its covered and long-distance transport services while maintaining the personal attention that has defined its reputation. The 2026 Best of Texas Award marks an important milestone for the company as it continues serving drivers across Central Texas and beyond.
