Ensuring the continued success of its clients, Edcor has recalibrated its Mission and Vision. The longtime educational benefits leader revamped these critical tenets of its business to meeting changing needs of its clients.

"Times change faster than ever, and we must always keep any eye to the future," said Adrienne Way, CEO, Edcor Data Services LLC. "To reflect that reality, we've updated the Edcor Mission and Vision statements.

"Being an exceptional partner enables every organization in our circle to stay competitive by unlocking the potential of their employees. It is truly a way to success despite the headwinds we are encounter."

- Edcor's new Mission statement: We empower organizations and their employees through education, delivering innovative solutions that unlock potential, strengthen workforces, and create lasting value.

- Edcor's new Vision statement: To create a future where education opens doors to opportunity for every learner and drives success for every organization.

To learn more about the company and the services and support it provides, please visit our website's "About Us" section where you'll discover not only our new guiding principles but also the variety of programs customized for the needs of our clients.

Edcor serves clients in a variety of segments, including consumer staples, industrial supply and industrial services. The company continues to diversify its client base, while retaining and expanding its reach into arenas where it currently has clients, such as healthcare, advocacy groups, and nonprofits.

The company’s customers range from Fortune 500 companies to smaller technology-focused enterprises to small, community-centric businesses.

About Edcor
Edcor, a certified woman-owned business, is the benchmark in education benefits administration. For 45 years, our customized service and software solutions have allowed clients to use education benefits programs, including tuition assistance and student loan assistance, for employee recruiting, retention and development.
